Home Hardware continues their history of support

Renfrew Home Hardware Building Centre has been an active supporter of the RVH Foundation for the past 13 years.

Once again in 2017, staff organized a Christmas event featuring a special promotion to support RVH, along with invited guest retailers who displayed products for sale in the store.

Funds raised over the last decade-plus have been directed to different areas of care including digital mammography and oncology, and to the annual Tree of Lights fundraising campaign.

“Over the years, RVH has touched the lives of many Home Hardware staff, family and friends. We are proud to be able to give back to the community that supports us,” said Karen Maxwell, Home Hardware owner.

The local retailer is also a supporter of the annual RVH Golf Classic tournament.

“We are thankful for Home Hardware’s ongoing investment in local healthcare. Their support makes a difference,” said Barb Desilets, RVH Foundation Executive Director.

Special thanks to Kathryn Bossy for creating the beautiful artwork that was donated for a Silent Auction at the Home Hardware NO TAX EVENT.

For more information, contact the Foundation at 613-432-4851 ext. 263
