

RVH
RENFREW VICTORIA HOSPITAL

GRAND ROUNDS

From teeth to toes and tummies to tails—health care professionals from RVH and the community volunteered their services to examine, repair and prescribe remedies for furry friends at the annual Teddy Bear Picnic on Saturday June 16. Children made the rounds with their favourite stuffed animals and dolls to respiratory, ER, and pharmacy stations, visited the dentist, a SafetyFirst display (e.g., helmets), an OPP booth and more, set up on the front lawn of the hospital.
