

## GRAND ROUNDS

### Scapa corporate office and local employees team up to support RVH

On August 4, local and international leaders from Scapa visited RVH to tour the facility, but their commitment to support *I Choose RVH* was made last May.

Over the next five years (2015–2019) Scapa will match employee fundraising at a five-to-one ratio with the potential to generate as much as \$300,000 for the campaign.

*I Choose RVH* campaign co-chair Kent Tubman welcomed the guests: “Thank you for coming and thank you for choosing RVH.”

Scapa CEO Heejae Chae noted that Scapa has a very proactive Corporate Service Relationship (CSR) that it wants to promote and supporting RVH fits in with the theme. “This will be the third health care entity that we are partnering as part of our CSR.”

Scapa is a strategic partner with The Christie, a leading U.K. cancer centre based in Manchester, and Boston Children’s Hospital.

Chae also explained that it was about more than simply cutting a cheque—the company wanted to be sure the cause was meaningful to employees and the community within Scapa Renfrew.

“We wanted to make sure the community involvement was there. We’re more than happy to match the ratio and we’re floored by the employee commitment that has already been demonstrated. It’s tremendous. It speaks to people’s view of the importance of the hospital. It’s a meaningful entity in the community. We’re excited to be involved.”

Chris Ferguson, RVH Vice President of Patient Care Services, conducted the tour and concluded by thanking Scapa executives and all of the local employees. “Your support is appreciated by all of us, especially the patients who need the care. Every patient who comes through the doors will benefit from this expansion and redevelopment.”

Scapa executives and managers visited RVH recently for a tour. From left: Heejae Chae, Chief Executive Officer, Chris Carter, Chief Operating Officer, Dr. Cathy MacDonald, Jim Lemenchick, Chair RVH Foundation, Tom Kubiseski, Director of Engineering—Scapa Renfrew, Chris Ferguson, RVH Vice President Patient Care Services, Kent Tubman and Lisa Vincent, Co-Chairs *I Choose RVH*, John Pleskina, Director of Operations—Scapa Renfrew, and Jason Clark, HR Manager—Scapa Renfrew.
