

# GRAND ROUNDS

## Gift of giving continues through community events

*It's amazing what a small group of dedicated volunteers can accomplish. And the RVH Foundation is grateful to all of the groups that choose to host annual events, bringing our community together and playing a part in keeping our hospital strong. Their contributions make a difference for purchasing equipment and making upgrades.*

Co-hosts Gourley's Variety and Bluewave Energy held their 8th annual bake sale and barbeque to raise more than \$2,800 (and a grand total of more than \$20,000 over the years).

New this year, Phil Lambert, Valley Guiding and Outfitting joined the fundraising, making a donation for every pail of mineral sold for a total of \$400.

Keith Gourley says their motivation is that they feel very fortunate to have such a successful and growing hospital in our community.

"I believe that by contributing to RVH we are reaching and helping the broadest audience possible in our area. The funds are well managed and the growth of RVH benefits Renfrew in the form job creation and provides locals as well as those around us with excellent health care and treatment. It is a win/win cause."

**Phil Lambert, Laurie Stroud, Keith Gourley, Barb Desilets and Christy Barker.**

"We are fortunate to have such a wonderful hospital in our community. The YPC is committed to raising funds and awareness in support of the RVH Foundation, to help ensure future generations continue to have access to such invaluable local services," comments Lauren Scott about the the Young Professionals Committee's (YPC) annual bonspiel.

The group raised more than \$3,200 at its third annual bonspiel in fall 2017 that included a fun Hunter's Challenge theme.
